RAT DEVICE

AK Sparrow

DESCENDER (SELF BREAKING) - ABSEILING

PRODUCT SPECIFICATIONS

- Anti-panic & Rescue Device
- Work load limit: 200 kg
- For semi static and static \varnothing 10.5 to 12mm rope EN 341:2011-2A, EN 12841:2006-C EN 1891 Type A

PRODUCT'S HIGHLIGHTS & USER'S BENEFITS

- Self-braking descender for work on ropes which allows the operator to lower himself on the working line, to position himself on the working line and to climb back up it.
- Sparrow is also equipped with a safety decelerating system EBS (Extraordinary braking system) that activates decreasing the descending speed when the control lever is accidentally pulled strongly downwards.
- The safety gate on the moving side plate helps prevent dropping the device and facilitates installation of the rope when passing intermediate anchors.
- Made in Europe
