

SPARROW RESCUE KIT PRO

Rescue kit with winch suitable for different types of work at height. In the event of an operator remaining suspended following a fall while working at height, the kit allows the rescuer to connect the victim to it and lift him up, disconnect him from his safety device and lower the victim to the ground.

The rope used in this Kit is Patron Plus of Ø 11 mm, available as a spare part.

It is made up of:

- Loop Ankor
- Lifty winch
- Sparrow device
- Pillar TG connector
- Patron Plus with end loops
